Well folks, we are a couple of weeks behind where we thought we would be,
but such is the way of the World.

I am putting out this catalogue, even though it may not be 100% accurate,
because I need to keep in the Habit
and to let you know that there are other species still available.

Until we reach Level 2 we will remain closed to Walk-in Customers
but we can arrange contactless pick up or delivery.

We arre now taking Forward Orders for 2022.
